CAMP PIKATI

Why Camp Pikati?

Camp Pikati (pike-a-tee) means camp across the Pike! Located at the West Suburban YMCA, Pikati offers one-week sessions for active, athletic and crafty campers. Summer camps nurture the potential of children. At Camp Pikati, campers grow more confident, gain competence in core life skills (like swimming), and contribute directly to building a healthy and inclusive community. Backed by the mission, values, and resources of the YMCA, we truly believe there is a place for every camper at Camp Pikati. Our vision is that every camper leaves with a healthy mind, body, and spirit

In 2020, despite challenges, we operated a safe, successful, and FUN camp season for hundreds of children at Camp Pikati! While safety and health at our camps has always been our number one priority, we recognize that summer 2021 will again be quite different in terms of safety precautions. We anticipate operating in a similar manner to 2020, continuing to focus on the many new habits all of us have had to develop, from social distancing to mask wearing, to new sanitation procedures and healthcare protocols.

Additional procedures include: Daily health screenings, contactless drop off/pickup, camper cohorts, modified activities, emphasis on hand hygiene, and frequent cleaning & disinfecting, among others.

Activities:

While there are restrictions on activities we can run at camp, we have an incredibly creative staff who will find ways to safely run some of our favorite games. Some of the activities include: Arts & crafts, sports-type games, archery, free swim, improvisational
