

CAMP PIKATI

Why Camp Pikati?

Camp Pikati (pike-a-tee) means camp across the Pike! Located at the West Suburban YMCA, Pikati offers one-week sessions for active, athletic, and crafty campers. Summer camps nurture the potential of children. At Camp Pikati, campers grow more confident, gain competence in core life skills (like swimming), and contribute directly to building a healthy and inclusive community. Backed by the mission, values, and resources of the YMCA, we truly believe there is a place for every camper at Camp Pikati. Our vision is that every camper leaves with a healthy mind, body, and spirit.

COVID-19 and Camp Pikati:

In 2021 (and 2020), Camp Pikati employed mitigation strategies to prevent the potential spread of COVID-19. These included wearing face coverings while indoors or engaged in activities that involved close contact, staggered drop-off and pickup times, and maintaining small camper groups. We will work all off-season to plan for safe operations at Pikati in 2022. We will use guidance from state and local boards of health, placing the health and safety of our campers and staff at the forefront. We anticipate that some of the policies above will change while others remain in place in 2022 as we look to provide the safest and most fun experience for our campers.

Session Dates	Themes Weeks
